Once an integral part of all surf clubs which has over the years fallen away.

We are aiming at welcoming all our club current members that hold an SRC or BM for a fun social swim each and every Sunday in the summer season.

The swim will be handicapped (staggered start) which gives all abilities the chance of getting over the line first.

There will be a weekly prize for the winner and an overall point score winner at the end of the season.

Subject to current restrictions, our sand coach Andy Newrick might run some beach events during the summer for all the sand enthusiasts as well.

Please report at 9am SHARP for sign on to fit in with the current COVID plans and Nipper activities.

We look forward to seeing you on the beach.
