Dear Members Past and Present

South Maroubra SLSC is undertaking a major Memorabilia Project to recognise South Maroubra Surf Life Saving Club – Past – Present – Future. This project has been 2 years in the researching of the best options available for what we want to achieve.

We are pleased to advise that the Clubs's Memorabilia sub committee for this project has finalised and presented its recommendation to the Board of Management Committee of the Club. We are excited to advise that the Clubs BOM has committed a substantial budget for the project and initial planning is now underway.

Without going into exact detail of the project, we can share with you that the Memorabilia will be static imagery and digital and will encompass the walls of the entrance of the clubhouse up the stairs through to and including the Bernie Kelly and Heritage Room.
